

One in a Million (Lyrics)

You there, shining like the stars do
Millions all around, but all I see is you
So strong independent woman
There ain't no one like you

You should see what I see when I look you
You don't think you're worth it, try my point view

You're beautiful
You don't even know how much
You're full of glow
Illuminate a whole room
Smile fills my soul
I'm forever wanting more of you

You there, the room stops when you walk through
Distractions all around but all I see is you
Honey, Can I just get to know you
The sky is in our reach and I just want to show you
